

MOHAMED SAMEER S

Frontend Developer building production apps with React / Next.js

Chennai, India | mohamedsameer.s.2007@gmail.com | +91 98402 47116
linkedin.com/in/mdsameers | github.com/sameerthedeveloper | mohamedsameer.tech

Summary

Frontend developer studying Computer Science Engineering, building offline-capable PWAs, sync engines, and real-time tools shipped in React and Next.js for real clients and communities. Open to internships.

Experience

Web Developer

Jun 2025 – Present

Freelancer

Chennai, India

- Shipped [cinemafocus.in](#), a live luxury hi-fi audio showroom client site (Next.js, Supabase, Tailwind CSS)
- Built SalahSync, a prayer-timetable PWA with Capacitor native wrapper and OCR scanning, adopted by 100 users on offline storage
- Built RetailFlow, a retail management / POS and e-commerce admin panel, increasing user engagement 30% via UI enhancements
- Built IslamicTamilPod, a Tamil Islamic lecture/Quran podcast PWA using Service Workers and IndexedDB – 85 Lighthouse accessibility score, 50% faster load times

Full Stack Intern

Jun 2026

Global Tech Computer Education

Chennai, India

- Part-time internship contributing to full-stack feature development

Projects

Record Lab

Web app to type a lab record once, paginate to true A4 pages, export print-ready fair copy with custom watermarking
Next.js

OpenNotes

Knowledge-sharing platform for HTML-rich notes

React, Vite, Material Design 3, Firebase, TipTap

FoodGuard 2.0

Real-time food donation/routing web app

React 19, Vite, Firebase, Leaflet, Framer Motion

Education

BTech, Computer Science Engineering

2024 – 2028

BSA Crescent Institute of Science and Technology

Chennai, India

Certifications

- MERN Stack Certification – Global Tech Computer Education (2025)
- Front End Development Certification – Global Tech Computer Education (2024)

Key Achievements

- UI Enhancement:** Increased user engagement 30% with enhanced UI on retail management platform
- Performance Optimization:** Reduced load times 50% using service workers and caching strategies
- Accessibility:** Achieved Lighthouse accessibility score of 85 on Quran PWA project
- Data Persistence:** Implemented persistent IndexedDB storage impacting 100 users

Skills

Languages/Frameworks: JavaScript, React, Next.js, Tailwind CSS, Node.js

Backend/Data: Supabase, Firebase

Other: PWA / Offline-first engineering, Real-time sync systems, Accessibility (a11y), GSAP, Service Workers, IndexedDB, Git
